New Forms Festival 04 : technography
INTERNATIONAL FESTIVAL OF MEDIA ARTS
 Experiments with Technology to Explore Our World
 OCTOBER 14 to 28, 2004

The New Forms Festival is an international festival of media arts featuring an Exhibition, a Performance/Events Series and a Conference. New Forms focuses on the convergence of art and technology, providing a unique opportunity for audiences to engage with art forms that utilize cutting-edge media technologies.

The theme for our fourth annual festival is **TECHNOGRAPHY** - the inscription of culture in technology. Over the two weeks, venues in and around Vancouver will feature more than 70 speakers, musicians, installation and net artists, performance artists, video artists, DJs, and dancers from North America and around the world.
